

# Roxette, You Can't Put Your Arms Around What's

I saw red, stayed at home  
Placed a big pillow over the phone  
In this town where I'm from  
I've learned two is so much better than one

But you left me alone  
You can't put your arms around what's already gone  
Watch you sink like a stone  
You can't put your arms around what's already gone

Well, you hurt to the core  
You used to kiss like no one had done before  
And your taste turned me on  
Now you drive me real crazy just by being born

Cos you left (left left left) me alone (left me alone)  
And you can't put your arms around what's already gone  
Watch you sink like a stone  
You can't put your arms around what's already gone

Took the tram 'round the bay  
Where everyone tells you to have a nice day  
And my pride almost broke  
When the tears don't fit you, you look like a joke

And you left (left left left) me alone (left me alone)  
You can't put your arms around what's already gone  
Cryin' eyes gettin' worn  
You can't put your arms around what's already gone

Hey, you left (left left left) me alone (left me alone)  
You can't put your arms around what's already gone  
Watch you sink like a stone  
You can't put your arms around what's already gone
