Roy Orbison, Goodnightro

I Drove All Night Roy Orbison

I had to escape The city was sticky and cruel Maybe I should have called you first But I was drying to get to you I was dreaming while I drove The long straight road ahead Uh-huh, yeah Could taste your sweet kisses, your arms open wide This fever for you was just burning me up inside I drove all night to get to you Is that all right? I drove all night, crept in your room Woke you from your sleep to make love to you Is that all right? I drove all night What in this world keeps us from falling apart? No matter where I go I hear the beating of our one heart I think about you when the night is cold and dark Uh-huh, yeah No one can move me the way that you do Nothing erases this feeling between me and you I drove all night to get to you Is that all right? I drove all night, crept in your room Woke you from your sleep to make love to you Is that all right? I drove all night Could taste your sweet kisses, your arms open wide This fever for you was just burning me up inside I drove all night to get to you Is that all right?
