

Roy Orbison, (I Get So) Sentimental

I get so ooh sentimental
Darling when it comes to you,
I'm just too ooh sentimental
And its breaking my heart in two.

I said a-hey,hey now
at the end of the day now,
I get carried away now
thinking of you,oooh

How you looked that night,
you kissed goodbye just right,
then turned away
and I miss you night and day.

Hey,a-hey, hey now,

at the end of the day now,
I get carried away now,
thinking of you, ooh

who holds you tight?,
I wonder where you are,
are you alright
for you know, I still love you,

But I'm just so sentimental,
Baby because of you,
Yes I'm just too sentimental
and it's,breaking my heart in two...
