Roy Orbison, I Got Nothing

Sammy King

You got everything you want
you got everything to live for
but me, I got nothing
plain simple nothing
just the need for someone to love

Through the eyes of love you know
everything looks good around you
but me, I got nothing
plain simple nothing
just the need for someone to love

Where can I start,
can searching apart
to love me and need me ever more
tell me where can I go
and when will I know
if I found the one I'm looking for

Don't tell me what I know
for I don't need no reminding
tell me, I got nothing
plain simple nothing
just the need for someone to love

Me, I got nothing
plain simple nothing
and me, I got nothing, ohhhhh
