

Roy Orbison, I've Had My Moments

Please, please, don't pity me
Some things are just meant to be
Don't, don't, don't cry for me
I've had my moments
And i guess what will be will be

Hey, hey, don't feel that way
Win or lose, there'll be another day
Don't, don't, don't disillude
I've had my moments
And i've had a dream or two

Don't worry 'bout me, don't shed one tear
Don't feel sorry, it's been a real good year
Ah, that's sweet of you, don't you cry now

I got along before, i'll get along right now

Don't worry 'bout me, don't shed one tear
Don't feel sorry, it's been a real good year
Ah, that's sweet of you, don't you cry now
I got along before, i'll get along right now

Please, please, don't pity me
Some things are just meant to be
Don't, don't, don't cry for me
I've had my moments
And i guess what will be will be
