

# Roy Orbison, That Loving You Feeling Again

(Roy): When I saw you standing there on the street,  
I found myself by your side.  
I started wanting you again;  
There's just no way to hide

from that old lovin' you feelin' again,  
It's really got me reelin' again.  
It only seems to stop  
To start all over again with you.

(Emmy): I remember how you always get  
that certain look in your eye.  
You're not easy to resist,  
but I just walked on by

with that old lovin' you feelin' again.(lovin' you feelin')  
It's really got me reelin' again.(lovin' you)  
It only seems to stop  
to start all over again with you, (Lovin' you feelin')

(both): Lovin' you feelin' with you.

(Roy): We were so close.

(Emmy): We were too far apart.

(Roy): I gave you my love.

(emmy): I wanted your heart.

(Both): Without yesterday caught in the way,  
maybe we'd still be together,

Sharing that lovin' you feelin' again.  
It's really got me reelin' again.  
Will it ever stop and not start over again,  
That lovin' you feelin' again?.

No matter how much I try,  
This lovin' you feelin' is why  
It's taken such a long, long time  
to say goodbye.

And getting over you. It's so hard to do  
with this feeling loving you.  
That lovin' you feelin' again,

Lovin' you feelin' again...  
That lovin' you feelin' again  
Lovin' you feelin' again...  
That lovin' you feelin' again  
Lovin' you feelin' again...  
That lovin' you feelin' again  
Lovin' you feelin' again...
