

Roy Orbison, Too Soon To Know

(Don Gibson)

It's too soon to know
If I can forget her
My heart's been broken in too many pieces
And it's too soon to know.

Time passes slow,
Will I ever know
If I can forget her and not let it show
But it's too soon to know.

News travels fast when a love affair ends
People keep asking, "What happened to them?"
But it's too soon to know
If I can forget her
My heart's been broken in too many pieces
And it's too soon to know.
