

Roy Orbison, Walk On

Walk On

Roy Orbison

Walk on

If you should meet

Walk on

On down the street

Walk on

Don't even look

Walk on

Close up the book

We don't want the world to see us

Like we are

We should never have even gone this far

Quickly brush away that teardrop

Walk away darling

Don't stop

Don't look back for me baby

Walk on

Walk on

Don't turn around

Walk on

To higher ground

Take the love we shared together

Keep it in your heart forever

Don't forget me

Oh baby walk on

If you ever loved me baby

Walk on
