## Roy Orbison, Walk On

Walk On

Roy Orbison

Walk on If you should meet Walk on On down the street Walk on Don't even look Walk on Close up the book

Like we are We should never have even gone this far Quickly brush away that teardrop Walk away darling Don't stop Don't look back for me baby

Walk on

Walk on Don't turn around Walk on To higher ground Take the love we shared together Keep it in your heart forever Don't forget me Oh baby walk on If you ever loved me baby Walk on
