## Roy Orbison, What now my love

What now, my love, now that you've left me How can I live through another day Watching my dreams turning to ashes And my hopes into bits of clay Once I could see, once I could feel Now I am numb, I've become unreal I walk the night without a goal Stripped of my heart, my soul What now, my love, now that it's over I feel the world closing in on me Here come the stars tumbling around me There's the sky where the sea should be What now, my love, now that you've gone I'd be a fool to go on and on No one would care, no one would cry If I should live or die What now, my love, now there is nothing Only my last goodbye
