

# Rudimental, Scared Of Love (feat. Ray BLK & Ste

I can see you in your eyes  
you locking up your mind  
you wanna turn around and run  
I wanna say this every time  
when I am wavey for the wind  
but I always bite my tongue

I know you been through some shit  
what's love  
got to do with it  
it's ok we've all been hurt before

you tell me that's the lesson you learnt  
you play with fire you got burnt  
you got burnt

don't be scared of love  
baby you some bruises  
like the rest of us  
I got u  
I got u  
don't be scared of love  
baby you some bruises  
but when it gets too tough  
I got u  
I got u

don't be scared  
don't be scared of love  
don't be scared of love  
don't be scared  
don't be scared of love

even when you're down  
when you're hopeless  
I will be there for you  
to make sure you're blessed  
you ain't gotta ride for me  
I will ride for you

I don't ever really want you to say too much  
cause I know the feeling of pain  
I just wanna make sure that you stay cool

cause I the early morning  
you get stressed than knock them out  
I am right here  
I am fighting with you

them couldn't never walk  
in your shoes  
them couldn't never take  
in your shine  
don't be scared of love

don't be scared of love  
baby you some bruises  
like the rest of us  
I got u  
I got u  
don't be scared of love  
baby you some bruises  
but when it gets too tough  
I got u

I got u

don't be scared  
don't be scared of love  
don't be scared of love  
don't be scared  
don't be scared of love
