

Rufus Wainwright, Me and Liza

Me and Liza Liza and I
Famous 'till the day that we die
Mamma made it so I've to try
Me and Liza Liza and I

Daddy writing unanswered love letters why
Come on Liza give me a try

Blowing on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Energizer baby's on fire
No one's gonna hatchet you down
Terminator thief of desire
No one's gettin' out of this town

Fucking up the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Me and Liza Liza and I
Happy that we're now such good friends
Looking forward forward to seeing you
Love like as we can not be ten

Chocking on the embers of fame
Burning down the house of your name
Everything can go up in flames
As long as you have something to frame

Me and Liza Liza and I /4x
