

# Run Kid Run, We've Only Just Begun

You'll have your ups and downs  
Don't let them push you out  
Cause time is all you've got now

Go make the best of everything you want to be  
With ambition pushing forward  
Your dreams upon your shoulders

Though impossible it seems  
It's time to just believe  
From here on out you're just getting older  
Pick up yourself you keep getting closer

Let's just get it started tonight  
All you've ever wanted its in your eyes  
Just let it take you where you want to go  
Just let it tell you what you want to know

You've got your destination  
Progress has now been made and you  
Will see the way you've wanted it to be

We've only just begun  
There's gold that lies in us  
Your hesitation's held you long enough

Though impossible it seems  
It's time to just believe  
From here on out you're just getting older  
Pick up yourself you keep getting closer

Let's just get it started tonight  
All you've ever wanted its in your eyes  
Just let it take you where you want to go  
Just let it tell you what you want to know

The future holds a brighter day for you  
You may ask yourself tonight  
Is it out of reach, out of reach,  
is it out of reach is it out of reach,  
out of reach, or am I? or am I?

Let's just get it started tonight  
All you've ever wanted its in your eyes  
Just let it take you where you want to go  
Just let it tell you what you want to know

Let's just get this started  
(where you are tonight)  
All you've ever wanted  
(its in your eyes)  
Just let it take you where you want to go  
Just let it tell you what you want to know  
Just let it take you where you want to go
