

# Runemagick, At the Horizon's End

at the horizon's end  
the dark edge of life  
behold the abyss heart  
flames tear my soul apart  
...apart

the last step on earth  
in darkness i will rebirth  
travel thru time and space  
beyond this human race  
...race

a journey... in infinite spheres  
on wings... of triumph  
a journey... beyond the horizon's end  
departure... away from this... PAIN!

memories of twisted faces  
morbid voices in a race  
they fade away  
as i travel away  
...away

the last step on earth  
in darkness i will prevail  
a ruler of time and space  
beyond this human race  
...race

at the horizon's end...
