

# Runemagick, Eyes of Kali

Your cold eyes  
In a world of lies  
Freezing my steps  
In the halls of the dead

Walking the path of the dying souls  
Your eyes are lurking through the eternal dark  
You can't capture my soul in your cage  
You can't find the heart of darkness

Eyes of Kali  
Your eyes are almost killing me  
Eyes of Kali  
But I am one with the dark

So your funeral will come first

Your dying eyes  
In your world in nothingness  
Freezing your own soul  
In the halls of tragedy

Walking the path of your own death  
Your king of apathy can't give you life  
You have captured your own soul  
You will never be one with the heart of darkness

Eyes of Kali  
Your eyes will never kill me  
Eyes of Kali  
I am one with the dark
