

# Runga Bic, Without You

Walk around the bathroom  
Fill the sink  
Wander round the kitchen  
Make a drink  
To occupy my times  
My only wish  
I've rearranged the magnets  
On my fridge  
Without you now  
Without you now  
Without you now  
Without you now  
Just can't make decisions  
Think what to do  
Turn on my television  
And think of you  
Splash my face with water  
Brush my teeth  
Your toothbrush gone from where it  
Ought to be  
Without you now  
Without you now  
Without you now  
Without you now
