

Russ Millions, 13

I love diamonds, gyal and machines
Slatt
You know that I'm bleeding green
Ganja baby, I don't drink lean
Had a fetish for waps when I turnt 13

Grinning her teeth when I get sturdy
So I give her the D, show no mercy
I might spit in her mouth
Milly get dirty
Not 6 in a month, more like 13

Any skengs on sale I just cop dem
Hand ting or the bigger one I got options
Gunshots if you trespass, fully on dem
Same way my labels on me for a top 10
8 chains on my neck hurts when I rock them
Any new jeans ask Raman I got them

Excuse me madam, I like a challenge
I can tell that your into fashion
Kettle kids only, I don't go Hatton
Working, rapping, do it with passion

Gangs still trapping
Purchase cannons
Burst him, tag him
Burn him, tan him

The ting jammed up but I kept on tapping
Reserve the wagon, the vehicles lagging
My head gets hot, fingers start snapping
If they ask me I don't know what happened

I hate being sober
Do it for your favourite
Bring it to the owner
Ease up, you're sitting on a mash not a bonar
SVR not your average rover
ANPR tryna pull man over

Watch the spaceship fly pass in the night
One fuck made her comeback twice
She said Russ got me feeling nice

I love diamonds, gyal and machines
Slatt
