When You're With Me I'm Smiling

You give me oh, all of your love

your hands build me up when im sinking

just touch me and my troubles are vague

LADY

from the moment i saw you

standing whoaoaoaoa, all alone

you gave me all the love that i needed

so shy like a child that had grown

your my lady of the morning

love shines in your eyes

sparkling clear and lovely

your my lady---

LADY-turn me on when im lonely

show me whoaoaoa all of your charms

evening when you lay down beside me

just take me gentle into your arms

your my lady

of the morning

love shines in your eyes

sparkling clear and lovely

your my LADY

LADDYY of the morning

love shines in your eyes

sparkling clear and lovely
