

S.O.A.P., Wishing

Since you ran away
I've been beside myself in every way
Trying hard to get you off my mind
I know that we agreed
It would be cool to take some time away
Now the reason's just too hard to find
(I can't stop) crying
(I can't sleep) thinking of you
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh oh
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh yeah
Something strange has happened to me lately
Baby can't you see
Something that my eyes won't let me hide
Nothing seems to get to me
In other people's company
Wishing I could leave them all behind
(I can't stop) crying
(I can't sleep) thinking of you
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh oh
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh yeah
Aaaah
(I can't stop) crying
(I can't sleep) thinking of you
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh oh
Wishing that I wasn't alone
(can you hear me?)
Wishing that I wasn't alone
Oooh yeah
Crying
