S.O.S. Band, High Hopes

You've got me like no one has before, I really love you The way you talk and the things you say sound so good But there you were standing over there with another last night Now in the middle of it can't you see it's killin' me

I had high hopes for you and me Thought we'd stay together eternally High hopes for our love Felt like it was heaven sent from above

Ooh Just too hard to let go

You told me you loved nobody else, you never would You had my child, you'd even marry me if I asked But now it seems more so every day that you need me less Now you're almost there, come around, I don't wanna let you go, oh, ho

I had high hopes for you and me Thought we'd stay together eternally High hopes for our love Felt like it was heaven sent from above

(High) This can't be Caught you with another and, girl, it's killin' me (High) You let me down I have to find somebody else since you won't be around

Just need a little time, it'll be alright

High hopes High hopes

Can't you see, I want you for myself (And always will) We had our talk and tried to make things right, or so it seems But it's him for you, I guess you don't need me anymore Hey, I never ever come around to see you again, oh (Oh, ho)

'Cause I had high hopes for you and me Thought we'd stay together eternally High hopes for our love Felt like it was heaven sent from above

(High) Ooh, this can't be Caught you with another and, girl, it's killin' me (High) You let me down I have to find somebody else since you won't be around

High hopes Just need a little time and I'll be alright High hopes Ooh, hoo, high, high, high

High hopes It's so hard to let go High hopes
