

# Sabaton, Devil Dogs

Kill  
Fight  
Die  
That's waht a soldier sould do  
Top of their game  
Earning their name  
They were the Devil dogs  
In a war, machine  
They were the USA marines

1918, USA intervene  
Until now they were mailnly observing  
There in the wheat fields  
And a small piece od land  
It's a battle that will write history
