

Sabaton, Versailles

The war had been raging and ravaging for four years
Leaving millions of casualties from all sides
In the trenches of the frontlines, people have asked the question
What is the price of peace?
How many more must die?
Exactly five years after the assassination of Franz Ferdinand
Germany is forced to sign an unconditional surrender
For the signing of this historical document, the French city of Versailles is chosen

Signed a treaty to change the world
Tensions fall and a peace unfurled
Nothing like what had come before
It's the deal, it's the treaty that will end the war!

Signed a treaty to change the world
Tensions fall and a peace unfurled
Nothing like what had come before
It's the deal, it's the treaty that will end the war!

A fragile but hopeful peace falls upon the European continent
America returns to their shores, Russia tend to their own matters
And the British Empire disbands their colonial forces
Parades are being held in victorious countries
The war that would end all wars is over
But not everyone agrees
In the underground, something is growing in the dark
Because for some, the war never ended
War will never entirely die, it will evolve
It will change
And war will return, sooner than we think

Signed a treaty to change the world
Tensions fall and a peace unfurled
Nothing like what had come before
It's the deal, it's the treaty that will end the war!

Signed a treaty to change the world
Tensions fall and a peace unfurled
Nothing like what had come before
It's the deal, it's the treaty that will end the war!

From a shot that would change the world
Tensions rise and a war is unfurled
Nothing like what had come before
It's the war that will end all war!

From a shot that would change the world
Tensions rise and a war is unfurled
Nothing like what had come before
It's the war that will end all war!

Will this war really end all wars?
Can a war really end all war?
Will this war bring another war?
It's the war that will end all wars

Will this war really end all wars?
Can a war really end all war?
Will this war bring another war?
It's the war that will end all wars

Will this war really end all wars?
Can a war really end all war?
Will this war bring another war?

It's the war that will end all wars

Will this war really end all wars?

Can a war really end all war?

Will this war bring another war?

It's the war that will end all wars
