

Sacha Vee, Feels Good

It feels so good

Hello lover, my true other
Will you be my partner for life
Will you be my champion
Lead me to Zion
For the rest of my time

Hey, will you let me sit next to you
Till the Sun rises up
Let me look deep in your eyes
Oh jump in a plane with me
And just ride
There's no destination in sight
Cause your by my side

It feels so good

They Tell me: when you know you just know
Well, I know!
Tell me why I feel the need, feel the beat
Tell me why it feels so good
Move with me
Grove with me
What you wanna do with me
Honestly, tell me why it feel the need
Feel the beat
Tell me why it feels so good
