## Sadist, Spiral Of Winter Ghosts

here they are again taken by an icy wind they gently take place beside me winter days ... once again winter nights ... as it's always been winter days ... this is my time winter nights ... as it's always been feel the cold, see the frost forgotten in my brain can you see the winter ghost? coming thru' the rain winter! (x2) here they are again eager for my essence warriors, bearers of peace sinners and saints dressed in innocence winter days ... this is my time winter nights ... let 'em come to me winter days ... once again winter nights ... let 'em come to me repeat 1st verse i am so scared ... there's no disguise! the spiral of winter do you think it's enough to close a door? the spiral of winter to leave behind what is now! winter! (x2)
