

Salad, Heaven Can Wait

You say you don't even care about love, well that's alright baby
I've got a face in my hair, I've got a face in my hair,
I've got a face in my yeah yeah yeah

You know what I should do with you now
I'll take you in hand, and walk you to a new land

Chorus :

Now I'm right about love, Now I'm right about hate
Now I'm right about tomorrow, Cos heaven can wait

You say you don't even care about toys, well that's alright baby
I've got a fish in my pond, I've got a fish in my pond
I've got a fish in my pond, I've got a fish and of it I'm fond

They say I shouldn't stand by the drinks machine
They tell me that the lime's run out

Repeat Chorus

You say you don't even care about love, well that's alright baby
I've got a fish in my pond, I've got a fish in my pond
I've got a fish in my pond, I've got a fish in my pond
I've got a face in my hair, I've got a face in my hair,
I've got a face in my hair, I've got a face in my yeah yeah yeah
