

# Salamandra, Behind the Gate

Up in your head  
the bell rings  
black bats  
are flying around  
the secret evil  
inside  
has just become  
your guide

Greyness, seen only  
in bands across the eye  
terror of madness  
has not yet begun

Behind  
the gate of sorrow  
the hardest  
time of all  
your will  
are broken ruins  
keys lock you  
in the ward.

Greyness, seen only  
in bands across the eye  
terror of madness  
has not yet begun

Can't escape the hell  
I try and I fail  
No sleep and no pain  
I'm no longer sane

Can't escape the hell  
I try and I fail  
No sleep and no pain  
I'm insane

Greyness, seen only  
in bands across the eye  
terror of madness  
has not yet begun

Can't escape the hell  
I try and I fail  
No sleep and no pain  
I'm no longer sane

Can't escape the hell  
I try and I fail  
No sleep and no pain  
I'm insane
