

Salty Onion, Bree Walker

Chorus: Bree Walker
Sweet Talker
Night Stalker
Punt Blocker

Affirmative action in the workplace
The station manager informed
She's got a cute little face
But her hands are deformed

Chorus

Mongrel Agent Orange baby
She's got a fin for a limb.
Maybe you and me
Can screw behind Jim.

Chorus

How does she pick up a pencil?
How does she use a pen?
When she's on the channel 2 news
Her hands are not her friends.

Chorus

When I wake up in the morning
And before I go to bed
Without your stumpy fingers,
Babe I might as well be dead

2 Chorus

Every night at 11
Before Letterman
I look at your face
And I long to touch your fin

Chorus
(four cycles, then slow)
