

# Sam Feldt, Stronger (ft. Kesha)

I find my way through the darkness  
A battle heart, that's how I am made  
And I may not heal from all these bruises  
But I'll be better off this way

So it rushes in like I am oil to water  
Think it's time to change when you don't wanna  
Don't be afraid  
When the pain falls on ya  
Let it wash away  
All the hate all on your shoulders

You gotta take it day-by-day  
Keep moving forward  
No matter what they say

And when the thieves try to steal your faith  
Keep pushing through 'em  
Cause there ain't no way  
If you wanna get stronger

No, we don't break  
No, we don't break  
Stronger, stronger  
You gotta take it day-by-day  
If you wanna get stronger  
No, we don't break  
No, we don't break  
Stronger, stronger  
You gotta take it day-by-day  
If you wanna get stronger

I've been on the brink of broken  
Stripped of my shadow on the floor  
Like the broken bones inside my body  
I am almost stronger than before

You gotta take it day-by-day  
Keep moving forward  
No matter what they say

And when the thieves try to steal your faith  
Keep pushing through 'em  
Cause there ain't no way  
If you wanna get stronger

No, we don't break  
No, we don't break  
Stronger, stronger  
You gotta take it day-by-day  
If you wanna get stronger  
No, we don't break  
No, we don't break  
Stronger, stronger  
You gotta take it day-by-day  
If you wanna get stronger
