

Sammy Hagar, Little White Lie

Little white lie's been around for years
Little white lie's ringing in your ears
You turn around come around back on you
Well, that little white lie's catching up to you

"(Little white lie)" Say what you got to
"(Little white lie)" Come back to haunt you
"(Little white lie)" You got one, you got two
"(Little white lie)" Ooh

Head like a box, got legs that crawl
My ears can see, I'm a fly on the wall
I got bones that feel, eyes that touch
Yeah, you're falling in deep 'cause you're talkin' too much

"(Little white lie)" Say what you got to
"(Little white lie)" Come back to haunt you
"(Little white lie)" Got one, you got two
"(Little white lie)" Come 'round to back you
"(Little white lie)" Caught in the vacuum
"(Little white lie)" Come back to haunt you
"(Little white lie)" Say what you got to
"(Little white lie)" Do what you gotta do
"(Little white lie)" Say what you want to
"(Little white lie)" Come back to haunt you
"(Little white lie)" Yeah, yeah, yeah, yeah, yeah, yeah

Flip top, box top got to keep 'em buzzing, whoo
Got 'em by the ear, got 'em by the dozen
Shut 'em up, cover up, got to distract them
Yeah, you know you're gonna get a psychotic reaction, wooh

"(Little white lie)" Say what you got to
"(Little white lie)" Come back to haunt you
"(Little white lie)" You got one, you got two
"(Little white lie)" Come 'round to back you
"(Little white lie)" Say what you want to
"(Little white lie)" Come back to haunt you
"(Little white lie)" Caught in the vacuum
"(Little white lie)" Come 'round to back you
"(Little white lie)" Yeah
"(Little white lie)" Yeah
"(Little white lie)" Yeah
"(Little white lie)"
