## Sampha, Too Much

Don't think about it too much, too much, too much There's no need for us to rush this through Don't think about it too much, too much, too much, too much This is more than just a new lust for you

I, I, Feel like you're by my side Laying upside down Girl let's pour a glass And you're on my mind Oh I

Don't think about it too much, too much, too much There's no need for us to rush this through Don't think about it too much, too much, too much, too much This is more than just a new lust for you

I, I,
Don't give up
When your heart stop
And you tell me that you care! That you care!
Don't give up
When your heart stop
And you tell me something's gone wrong
Whole hearted, whole hearted
You care, I know you care about me
You care about me
I know you care about me
I know you do
Oh I,

Don't think about it too much, too much, too much There's no need for us to rush this through (Don't rush it through)
Don't think about it too much, too much, too much There's no need for us to rush it through
