

# Samsas Traum, Elite

Sleep unaware of loves' subconscious call  
Scratching the darkness!  
Your thighs and lips wide opened, wet,  
As your soul steams out your womb,  
Enlightened with sparks!  
Blow out the stars and extinguish the sun!  
For a better place than paradise for us might be won!  
Far beyond Edens' light we will shine!

Into the dark pleasure we fly,  
Our wings will not be burned!  
Sleep my friend, vanish from this world,  
For that is's not real!  
The earth received your blood  
From our hands -  
Taken by the sons of...

Passion - Your name is like a razor  
Cutting deeper very time I call it  
Into my bloodsperm...  
Fire is the key to all we seek:  
I AM ELITE!

Beloved lady, hear my yearning,  
Die close my dark pregnant embrace!  
Dripping fertility for my race!  
For every teardrop thou shalt be burning!  
each night I dream of you again:  
I touch thy blossom,  
Smell thy beauty -  
Desire rapes your (my) rosebuds' rain!

The beauty of mans' daughters -  
Taken by the sons of...  
God!

Burn!  
Yeah, burn!  
You'll fucking burn!  
Burn, you bastards' whore!  
Beloved lady, hear my yearning!

Wir sind es, die herrschen,  
Machen den Tag zur Nacht der Menschen,  
Mit dem Willen aus der Tiefe  
Und der Kraft uns'res Verstandes!  
Nur wir, die unsterblich Schnen,  
Die ungesehen Euch zerstreuen,  
Allein durch Sinneslust und Habgier  
Kniet die Welt in uns'rer Hand!  
Und so erblhen wir in Jugend  
Und ersticken euch im Keim:  
Ganz egal, was Euer Traum war,  
Wird nun endlich unser sein!  
Bitte windet euch in schmerzen:  
Fr immer seid verleugnet!  
Wir schneiden Euch aus uns'ren Herzen!

Everlasting ecstasy - This orgasm drowns endlessly  
Your lifeless minds in an ocean of our seeds!  
We'll scare the livin' daylights out of you,  
Come on, my sweetheart, won't you, too,  
Be the wohre of my dreams  
And sink down on your knees

To fulfill my passionate needs!  
I lick thy shame!

And in this night, we'll rise again:  
Die close my dark pregnant embrace!  
Dripping fertility for your face!  
I call thy name!

The beauty of mans' daughters Taken by the sons of the elite!
