

# Sanah, Bipping (Demo)

Look at that  
Look at this  
Check it out...  
All the bodies  
Take it out  
Take it please  
Take it out..  
All the parties  
I don't know anyone  
That would call...  
To my baby  
Take it out  
Take it please  
All these ladies  
Uuu got my body beating  
Hear it out I  
Got no..  
No friends hearing  
Yeah I know that  
theres somebody  
I look alright  
But I was crying all night

Chorus:  
We were dancing all night but your phone was bipping  
The boys and the girls they look crazy  
Shitting  
Its all around you honey  
Know  
About it  
Im trying hard but i can't fit  
Where youve been

Put it out  
All of this  
Put it out put it out put it out  
If you want it  
Now I know  
You will find  
All around...  
Something more yeah  
Now you still fool around  
And the girls...  
Are crying  
Take it out  
Take it please  
I'm sure you're lying

Chorus:  
We were dancing all night but your phone was bipping  
The boys and the girls they look crazy  
Shitting  
Its all around you honey  
Know  
About it  
Im trying hard but i can't fit  
Where youve been
