

Sandra, Shadows

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

You can't run
You can't hide
Will I ever find some piece of mind?
I'm so upset, yeah, we can try
We can't live together
Tell me why

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

Will you stand by me
Just hear me now
I've been always waiting
Can't you see?

Shadows
Over my head
Shadows
Is driving me mad
I'm so afraid what rules my mind
I only wanna live my life

repeat chorus
