

# Sara Evans, Every Little Kiss

Way out here working on the docks  
Everyone sees the long day through  
Oh, what would I do  
Without the nights and the phone  
And the chance just to talk to you  
Oh, what would I do now  
Just to talk to you  
A thousand miles away  
What I wouldn't give for only one night  
A little relief in sight  
Or someday when times weren't so tight

When the day goes down on the water town  
When the sun sinks low all around  
That's when I know I need you now  
Yeah, you're what I miss  
Every little kiss  
Every little one, every little one

Everybody here's a number, not a name  
But I guess that's alright with me  
As I sit alone after a long day  
In the absence of company  
Oh, I let my mind wander  
A thousand miles away  
What I wouldn't give for only one night  
A little relief in sight  
Or someday when times weren't so tight

When the day goes down on the water town  
When the sun sinks low all around  
That's when I know I need you now  
Yeah, you're what I miss  
Every little kiss  
Every little one, every little one
