

# Sarah Brightman, Probably On Thursday

Can you see all of me?  
I am hiding nothing  
Must you stay so far away?  
Won't you whisper something?  
You're going to leave me  
You don't have to tell me  
You don't have to tell me

You'll be unfaithful  
Probably on Thursday  
Probably on Thursday

Every day, every night  
Makes the same impression  
All I need and all I want  
Is a true confession  
Each silent moment  
Tells me the story  
Tells me the story

You'll be unfaithful  
Probably on Thursday  
Probably on Thursday

I've spent all my precious time  
Hoping you will love me  
You are trying hard to find  
Ways to get rid of me  
You'll never listen  
You want to hurt me  
You want to hurt me

You'll be unfaithful  
Possibly on Wednesday  
Probably on Thursday

You're going to leave me  
You don't have to tell me  
You don't have to tell me  
You're going to leave me  
Possibly on Wednesday  
Probably on Thursday

Possibly on Wednesday  
Probably on Thursday  
Probably on Thursday
