

Sarah Brightman, Starship Trooper (1998 Remix)

I lost my heart to a starship trooper
I lost my heart to a starship trooper

Hey, Captain Strange, won't you be my lover
You're the best thing that I've ever discovered
Flash Gordon's left me, he's gone to the stars
An evil Darth Vader has me banished to Mars

Tell me, Captain Strange, do you feel my devotion
Or are you like a droid, devoid of emotion
Encounters one and two are not enough for me
What my body needs is close encounter three

I lost my heart to a starship trooper
Flashing lights in hyper space
Fighting for the Federation
Hand in hand we'll conquer space

I love you, love me?
I love you, love me?

Listen, Captain Strange, what's our destination
The scanners seem to indicate a small deviation
Static on the comm - it's Starfleet Command
Requesting your position, it's their final demand

You're intentions are known, they've found out at last
So if you're gonna take me, please make it fast
Touch me, feel me, do what you will

I want to feel that galactic thrill

I lost my heart to a starship trooper
Flashing lights in hyper space
Fighting for the Federation
Hand in hand we'll conquer space

I lost my heart to a starship trooper
Flashing lights in hyper space
Fighting for the Federation
Hand in hand we'll conquer space

Space suit is lying on control room floor
Pulse rate increasing as the heat factor soars
Take me, make me feel the force
Ignore the computers, we're locked on course

I lost my heart to a starship trooper
Flashing lights in hyper space
Fighting for the Federation
Hand in hand we'll conquer space

I lost my heart to a starship trooper
I lost my heart to a starship trooper
I lost my heart to a starship trooper
I lost my heart to a starship trooper
(song fades out)
