Sarah Brightman, Starship Trooper (1998 Remix)

I lost my heart to a starship trooper I lost my heart to a starship trooper

Hey, Captain Strange, won't you be my lover You're the best thing that I've ever discovered Flash Gordon's left me, he's gone to the stars An evil Darth Vader has me banished to Mars

Tell me, Captain Strange, do you feel my devotion Or are you like a droid, devoid of emotion Encounters one and two are not enough for me What my body needs is close encounter three

I lost my heart to a starship trooper Flashing lights in hyper space Fighting for the Federation Hand in hand we'll conquer space

I love you, love me? I love you, love me?

Listen, Captain Strange, what's our destination The scanners seem to indicate a small deviation Static on the comm - it's Starfleet Command Requesting your position, it's their final demand

You're intentions are known, they've found out at last So if you're gonna take me, please make it fast Touch me, feel me, do what you will

I want to feel that galatic thrill

I lost my heart to a starship trooper Flashing lights in hyper space Fighting for the Federation Hand in hand we'll conquer space

I lost my heart to a starship trooper Flashing lights in hyper space Fighting for the Federation Hand in hand we'll conquer space

Space suit is lying on control room floor Pulse rate increasing as the heat factor soars Take me, make me feel the force Ignore the computers, we're locked on course

I lost my heart to a starship trooper Flashing lights in hyper space Fighting for the Federation Hand in hand we'll conquer space

I lost my heart to a starship trooper (song fades out)
