

# Sarah Brightman, What You Never Know

What you never know won't hurt you  
What you never know won't lie  
What you never know won't desert you  
What you never know won't say goodbye

What you never know won't hurt you  
What you never know won't lie  
What you never know won't desert you  
What you never know won't make you cry

What you never know won't hurt you  
What you never know won't lie  
What you never know won't desert you  
What you'll never know unless you try
