

# Sarina Paris, Love In Return

If you wanna get  
If you wanna get  
If you wanna get

If you wanna get to know me  
Then you gotta show me  
Can you be there for me  
Are you strong enough  
Can you be my friend till the very end  
When I give you love  
Will you give me love in return

When you're close to me  
I can't help it  
I'm staring right through you  
Wondering why  
You dont notice  
I'd do anything  
My friends say you know my name  
It's just not the same

[repeat]

You keep playing the shy guy around me  
Pretending you're too cool  
Tell me you're free  
There's no body  
You want more than me

My friends say you know my name  
It's just not the same

[repeat]
