

# Sasha, Get Down

You closed the door and walked away  
I couldn't find a word to say  
it's been more than a week since you've been gone  
you stayed away, it hurts so much  
I start to miss your tender touch  
the smell of your perfume still lingers on  
so I can't take it anymore  
Don't say goodbye, don't make me cry  
don't leave me fighting for our love on my own  
don't say goodbye, don't make me cry  
don't leave me fighting for our love  
I tried so hard to hide the pain  
but deep inside I can't explain  
you make feel like no one else before  
I'm slowly drowning in my tears  
keep on running from my fears  
I tried to understand what's going on  
I can't take it anymore  
Don't leave me  
fighting for our love girl  
don't keep me hangin on my own  
Let's get together cause we can find a way  
please don't leave me fighting on my own
