

Saving Jane, Supergirl

I'm the life of the party
So contagious
All the boys wanna catch me
But I'm just playin'
One, two
Come and see what I can do
Two, three
Everybody's after me
Three, four
Let me tell you what's in store
Let's go
Everybody on the floor
[Chorus]
I'm Supergirl
I'm everywhere
Those flashy lights
They stop and stare
I'm fire red
I'm all aboard
I'm in your head
Everybody knows
I'm, I'm
I'm Supergirl
I'm the perfect disaster
You can't stop me
Comin' faster and faster
But you just watch me (you just watch me)
Five, six
Don't you want a little fix
Come down
Get a little crazy now
Nine, ten
See me work the room & bed
Hold on, ready, here we go again
[Chorus]
Walkin' every wire
Set the world on fire
No one shining brighter
Oh, oh, oh
I'm Supergirl
I'm fire red
I'm all aboard
I'm in your head
Everybody knows
I'm Supergirl
I'm everywhere
Those flashy lights,
They stop and stare
I'm fire red
I'm in your head
Everybody knows
I'm, I'm, I'm, I'm
I'm Supergirl
I'm, I'm, I'm, I'm,
I'm Supergirl
I'm, I'm, I'm, I'm,
I'm Supergirl
