Saxon, Call Of The Wild

You're waiting for the night
Keeping out of sight
Standing on the street for kicks
Looking for a thrill
You know you're dressed to kill
Turning all the young boys on
Treat them all the same, life is just a game
Breaking every heart around
She's really got it made
Driving me insane
But you're running out of time

It's the call of the wild (*)
Creatures of the night
It's the call of the wild
Calling you tonight

Take it on the run, life is just for fun
Trying everything in sight
Living fast and wild
You're a restless child
Running with the night
Running with desire, fighting fire with fire
No-one's gonna put you out
Run with the pack, never lookin' back
Only the strong will survive

(Repeat *)
