

# Saxon, Do It All For You

I'll climb the tallest mountain  
I'll swim the deepest sea  
I'll do anything, baby  
Anything to set you free

If you're lost and I can't find you  
Somewhere in the night  
I'll be there beside you  
To make you feel alright

You're standing in the darkness  
I can show you light  
Nothing stands between us  
That love can't make right

I'll do it all for you (\*)  
I'll do it all for you

When your world is full of sadness  
And the feeling just goes on and on  
I'll be there

If you're standing on the edge  
And scared of looking down  
I'll be there to catch you, if you fall

If you're trapped inside your heartache  
And you can't find escape  
Come with me and break away  
Don't matter what they say

(Repeat \*)
