

Saxon, Everybody Up

On your feet, I wanna see the whole place jumpin'
C'mon baby, can you feel the heat
Move up close, the boys are out to get ya
We don't care just what you got in mind

Said everybody up, everybody up (*)
Everybody up, everybody up

Stand in line, we're about to rock you
We all know what you came here for
Stamp your feet, this place is really rockin'
Rip it off, I wanna see some move

(Repeat *)

Up all night, we've been getting crazy
Going down, 'till you're satisfied
Raise your hands, shout and let me know
I wanna see you waisted from the show

(Repeat *)
