## Saxon, Everybody Up

On your feet, I wanna see the whole place jumpin' C'mon baby, can you feel the heat Move up close, the boys are out to get ya We don't care just what you got in mind

Said everybody up, everybody up (\*) Everybody up, everybody up

Stand in line, we're about to rock you We all know what you came here for Stamp your feet, this place is really rockin' Rip it off, I wanna see some move

(Repeat \*)

Up all night, we've been getting crazy Going down, 'till you're satisfied Raise your hands, shout and let me know I wanna see you waisted from the show

(Repeat \*)
