

# Saxon, Stand Up And Be Counted

[Byford/Quinn/Oliver/Dawson/Gill]

Down, down at the bottom  
Ya gotta try to get yourselves up  
Ya got nothing to lose when your there  
There at the bottom  
Ya gotta stand up  
Stand up for your rights

We can make it  
You can break it  
Stand up  
Stand up be counted

Out, out in the spotlight  
Ya gotta leave, leave your worries behind  
Ya got nothing to lose when your there  
You be forgotten  
Well I'll be damning out lives  
While the damn us in hell

We can make it  
You can break it  
Stand up  
Stand up be counted

We can make it  
We can break it  
Stand up  
Stand up be counted

Down, down at the bottom  
Ya gotta leave all your worries behind  
Ya got nothing to lose when you're there  
There at the bottom  
Ya gotta stand up  
Stand up for your rights

We can make it  
You can break it  
Stand up  
Stand up be counted

Stand up, stand up!
