

# SB19, Bazinga

Every day, I think the load gets heavy  
Throw it away, the world unloads hostility  
Is there a way to break the curse and stop this now?  
I'm going home, then I'll cry alone  
Don't you worry, soon, I'll be gone, psyche  
Bazinga! Hate niyo'y gasolina, yeah, I'm fire, I linger  
Dare you to turn up the heat and I'll burn y'all 'til I die, yeah  
Bruce be proud, I'm water, moves, they stagger, wattah!  
Buzz killer, I'm killing your buzz, so get the hell out  
Clown! Who's the boss now?  
I just turned the world upside down  
Now, y'all can quit thinking 'cause you won't know how I did it  
Bounced and kicked it roundhouse (ya, ya)  
Don't you see? Don't you see?  
This is my legacy, legacy  
Now, how y'all gonna get to me, get to me  
When I got the Almighty with me? The bibbidi-bobbidi-boo  
Every day, I think the load gets heavy  
Throw it away, the world unloads hostility  
Is there a way to break the curse and stop this now?  
Go throw a stone, it might break a bone  
But be wary because I won't condone  
Bazinga! Hate niyo'y gasolina, yeah, I'm fire, I linger  
Dare you to turn up the heat and I'll burn y'all 'til I die, yeah  
Bruce be proud, I'm water, moves, they stagger, wattah!  
Buzz killer, I'm killing your buzz, so get the hell out  
Look at you, look at you  
Look at you, look at you  
Look at you, peek-a-boo, pick a boo-boo  
I'ma beat you even if I didn't learn kung fu  
One-two punch, ooh  
You're lucky 'cause I overdid it, had to say that "Two"  
Not a mob, just a psycho, I'ma keep it low  
Guess you know that I am the one I dare you to double O  
Lemme get this straight, just got a few more words to say  
Defibrillator to yo' ear 'til I won't have to say, "Clear"  
Bakit ba hilig niyo mamuna?  
Masakit na sa tenga 'pag nagbara  
'Wag mag-alala, lahat tanda ko pa  
Lahat ng mga pambihirang natamasa  
Nako, pasensiya na  
Last time, I thought I already  
Told you that I'm always ready  
Come on and test me, you know nothing's gonna stop me  
Bring it all out now  
All doors are closed and no light unfolds  
So I'll break the dawn in my home  
Bazinga! Hate niyo'y gasolina, yeah, I'm fire, I linger  
Dare you to turn up the heat and I'll burn y'all 'til I die, yeah  
Bruce be proud, I'm water, moves, they stagger, wattah!  
Buzz killer, I'm killing your buzz, so get the hell out  
Look at you, look at you  
Look at you, look at you  
Look at you, look at you  
Look at you, look at you  
K.O.  
SB19 wins!
