

scarlxrd, RED LIGHT.

I am the last man standing
Don't believe it look around
Jump back on my shit
I am like a zombie out on the ground
Still the same old scarlxrd
In front of bigger crowds

Demons in my penthouse
They got killed when I moved out
Shit the fuck up
I've been killing shit
Evil shits been missing
Lethal resurrection

Cannot change my vision
Come on
I'll show you
