

# Sceptic, Controlled By Mind

Walking to the chasm  
That leads into infinity  
Putting your mind  
On the list of insanity

[Chorus]

Individual - controlled by his mind  
A poor substitute of person left behind  
Your own identity - you cannot find  
That keeps you satisfied - you must be blind  
Crucial thoughts  
You begin to learn  
Spreading feelings  
You are suppose to earn

[Chorus 2]

I'm controlled, I cannot fight  
I'm controlled, I can't resist  
I cannot fight, I'm controlled  
I can't resist, I'm controlled  
Know you're different because of your behavior  
It doesn't mean you're better one - The Savior  
Your enemies look at you and say - he's out of his mind  
They're right telling you the truth - it's do kind

[Repeat chorus]

Know that you're observed - they're out of your sight  
Yet you don't really know you're still able to fight

[Repeat chorus 2]

Withdrawn - fighting fears that haunts you  
To regain control over an actions you do
