

Scorpions, We Built This House

Love is the glue that hold us together
Faith and believing is the key, is door of forever
And maybe you and I, where every reason on Earth
Till now and again, It's always us against the world,
Against the world

When the rain fell
And the flood came
And the wind blew hot like a hammer on these walls
We didn't crack or break or fall
We built this house on a rock
This house on a rock

There is the time to face stormy weather
But we are always standing strong, a lifetime together
And maybe you and I, we don't regret anything
And now it's the two of us again against the wind,
Against the wind

When the rain fell
And the flood came
And the wind blew hot like a hammer on these walls
We didn't crack or break or fall
We built this house on a rock
This house on a rock

Brick by brick, we have set it up
All men, need this voice to talk
Bit by bit, based it on trust
We gave it all with God

When the rain fell
And the flood came
And the wind blew hot like a hammer on these walls
We didn't crack or break or fall
We built this house on a rock
This house on a rock
